

Curriculum Vitae
David Benjamin Resnik, JD, PhD
October 2023

Work Address

National Institute of Environmental Health, Science, National Institutes of Health, 111 Alexander Drive, Box 12233, Mail Drop E1-06, Research Triangle Park, NC, 27709, USA.
Email: resnikd@niehs.nih.gov. Office phone: 984 287 4208; Cell phone: 919 370 2702.

Education

BA (Philosophy, 1985), Davidson College, Davidson NC, *Cum Laude* with Honors in Philosophy
MA (Philosophy, 1987), University of North Carolina, Chapel Hill, NC
PhD (Philosophy, 1990), University of North Carolina, Chapel Hill, NC
Executive JD (Law, 2003), Concord Law School at Purdue University Global, Los Angeles, CA, 2001-2003, Highest Honors

Certifications

Certified IRB Professional (CIP), 2017-2023

Employment History

Bioethicist, National Institute of Environmental Health Science (NIEHS), National Institutes of Health (NIH), 2004-present and Senior Advisor for Research Integrity to the NIH Director of Intramural Research, 2022-present.

Full Professor, Department of Medical Humanities, East Carolina University School of Medicine, 2002-2004.

Associate Professor, Department of Medical Humanities, East Carolina University School of Medicine, 1998.

Director of New Programs, The Bioethics Center, University Health Systems of Eastern North Carolina, 2003-2004.

Associate Director, The Bioethics Center, University Health Systems of Eastern North Carolina, 1998-2002.

Associate Professor of Philosophy, University of Wyoming, 1995-1998.

Assistant Professor of Philosophy, University of Wyoming, 1990-1995.

Director, Center for the Advancement of Ethics, University of Wyoming, 1995-1998.

Instructor, Department of Philosophy, University of North Carolina at Chapel Hill, 1985-1990.

Adjunct Appointments

Adjunct Professor of Philosophy and Religion, North Carolina State University, 2004-2020; currently co-teaching BIT 501: Ethical Issues in Biotechnology).

Adjunct Professor of Forensic Medicine, Oklahoma State University, Center for Health Sciences, 2003-2005.

Special Honors and Awards

NIH Office to the Director Group Award (Committee on Scientific Conduct and Ethics), 2019

American Association for the Advancement of Science Fellow, 2017
NIH Office to the Director Group Award (Committee on Scientific Conduct and Ethics), 2016
NIH Merit Group Award (NIEHS Ethics Branch), 2011
Golden Apple Teaching Award, University of Wyoming, 1993
Golden Apple Teaching Award Runner-up, University of Wyoming, 1992
Extraordinary Merit Award for Research, University of Wyoming, 1992, 1994

Graduate Students

Scott Daley, University of Wyoming, 1992
Catherine Sharp, University of Wyoming, 1993
Scott O'Brien, University of Wyoming, 1994
Suzanne Andrews, on behalf of Columbia University, 2022

Graduate and Undergraduate Student Interns

Caitlin Jones, NIEHS/NIH, 2005
Dan Vorhaus, NIEHS/NIH, 2005
Karey Sutton, NIEHS/NIH, 2006
Andrea Northup, NIEHS/NIH, 2006
Jason Altilio, NIEHS/NIH, 2007
Nancy Wang, NIEHS/NIH, 2007
Winnon Brunson Jr., NIEHS/NIH, 2008
Weiqin Zeng, NIEHS/NIH, 2008-2009
Dionne Carr Barner, NIEHS/NIH, 2010
Gwen Babson, NIEHS/NIH, 2011
Susana Cadilha, NIEHS/NIH, 2011
Joana Pontes, NIEHS/NIH, 2011
Jennifer Evans, NIEHS/NIH, 2012
Austin Raymond, NIEHS/NIH, 2013
Talia Neal, NIEHS/NIH, 2013
JL Ariansen, NIEHS/NIH, 2014
Jaweria Jamal, NIEHS/NIH, 2014
Ana Tyler, NIEHS/NIH, 2015
Jennifer Black, NIEHS/NIH, 2015
Farrah Yaghi, NIEHS/NIH, 2015
Brandon Konecny, NIEHS/NIH, 2016
Juliet Taylor, NIEHS/NIH, 2017
Kathryn Morris, NIEHS/NIH, 2017
Melissa Morales, NIEHS/NIH, 2018
Rachel Landrum, NIEHS/NIH, 2018
Elena Diller, NIEHS/NIH, 2018
Katie Caudle, NIEHS/NIH, 2018
Sophie Schott, NIEHS/NIH, 2019
Julia Hecking, NIEHS/NIH, 2019
Aubrey Incorvaia, NIEHS/NIH, 2019
Ramin Karbasi, NIEHS/NIH, 2020
Alexa Guarente, NIEHS/NIH, 2023

Benjamin Lemon, NIEHS/NIH, 2023
Brandon Long, NIEHS/NIH, 2023
Savannah Laux, NIEHS/NIH, 2023
Florian Hofweber, NIEHS/NIH, 2023

Postdoctoral Researchers

Christina Gutierrez-Ford, 2007
Dan Patrone, NIEHS/NIH, 2009
Zubin Master, NIEHS/NIH, 2010
Elise Smith, NIEHS/NIH, 2016-2018
Moses Aderibigbe, NIEHS/NIH, 2016
Elisa Núñez, NIEHS/NIH, 2019
Mohammad Hosseini, Northwestern University, 2022-2023

Ethics Detail Interns

Bill Jirles, NIEHS/NIH, 2021
Ejinwaemeonu Okeagu, NIEHS/NIH, 2021

Grants

Co-Principal Investigator, Responsible Conduct of Data Management: A Consensus?, National Science Foundation, August 1, 2003-July 31, 2005, \$125,000.
Co-Principal Investigator, East Carolina University Bariatric Surgery Clinical Center, National Institutes of Health, September 30, 2003-August 31, 2004, \$268,032.
Principal Investigator, Rocky Mountain Workshop on Teaching Ethics in Research, National Science Foundation, July 1996- June 1997, \$23,400.
Principal Investigator, Renewing and Advancing Ethics in America, Educational grant, Wyoming Council for the Humanities, September 1995-January 1996, \$2,100.
Principal Investigator, Genetics and Ethics, Faculty Development Grant, University of Wyoming, June 1991-September 1991, \$1,500.
Co-Principal Investigator, Technology and Ethics, Educational Grant, GTE Lectureship Program, July 1991-December 1991, \$10,000.
Co-Principal Investigator, History of Science, Course Development Research Grant, University of Wyoming, July 1990-September 1990, \$1,500.

Editorial Service

Associate Editor, Accountability in Research, 2001-present
Book Review Editor, Monash Bioethics Review, 2014-present
Editorial Board, Medicine, Health Care and Philosophy, 2016-present
Editorial Board, Advances in Medical Ethics, 2014-present
Member, Editorial Board, Environmental Health Insights, 2008-present
Member, Editorial Board, Developing World Bioethics, 2000-present
Member, Editorial Board, American Journal of Bioterrorism, Biosecurity and Biodefense, 2014-present

Grant Reviewing

European Science Foundation (2018), Flanders Research Foundation (2013, 2017), Research Grants Council of Hong Kong (2011), Netherlands Organisation for Scientific Research (2005, 2009, 2015), Indo-US Science & Technology Forum (2007), Research Council of Norway (2007), the Educational Foundation (2007), the University of Michigan (2007), National Science Foundation (1998, 2001, 2004, 2022), National Institutes of Health (2001, 2005, 2009, 2012, 2014, 2017), US Anti-Doping Agency (2001), The Wellcome Trust (2003, 2009, 2010), Croatian Science Foundation (2014)

Consulting

Wyoming Public Radio (1990-1998), Sarah Ethics (1996-1998), Wyoming State Auditor's Task Force on Ethics (1996-1998), Wyoming Governor's Office (1997-1998), University Health Systems Hospice (1999-2004), Pitt ENT Cochlear Implant Team (1999-2000), U.S. Civilian Research and Development Foundation, (2006), The Beasley Law Firm, Philadelphia (2004-2005), Excite International (2019), American Association for the Advancement of Science (2020-2021); Acteon Environment (2021)

Committees and Service—Federal

Senior Advisor for Research Integrity to the NIH Director of Intramural Research, 2022 to present

Senior Ethics Specialist, NIEHS Ethics Program, 2021-2022

Smithsonian Institution Taskforce on Returning Human Remains, 2023

National Science and Technology Council, Committee on Science, Subcommittee on Scientific Integrity, 2022 to present

NIH Office of Data Science Strategy, Committee on AI Ethics, Bias, and Transparency 2021-present.

NIH Institutional Review Board, 2019-present

NIEHS Institutional Review Board, 2004-2019; Vice Chair, 2005-2008; Chair, 2008-2019.

NIH Human Subjects Research Advisory Committee, 2008-2019.

NIH Committee on the Conduct of Science, 2004-present

Inquiry subcommittee, 2019, 2020, 2021

Trans-NIH Bioethics Committee, 2004-2008

NIH Task Force on the NIH's Role and Investment in Bioethics Research, Training, and Translation, 2009-2013.

NIH Coordinating Committee for Bioethics Research & Training, 2013 to present

NIEHS Climate Change Forum, 2008-2009.

NIH Committee on Adverse Event Reporting, 2010-2019.

NIEHS/ORI Committee on Research on Research Integrity, 2010-2019.

EPA Committee to Review the Human Research Protection Program, 2012

HHS, H5N1 Gain of Function Review Group, 2013

NIH Coordinating Committee for Bioethics Research and Training, 2013-present

Defense Health Board, Medical Ethics Subcommittee, 2014-2021; Chair, 2019-2021.

National Science Advisory Board for Biosecurity, Working Group on Risk and Benefit Assessments of Gain of Function Studies, 2014-2019.

NIEHS Working Group on Disaster Research, 2015-2017.

NIH Single IRB for Multisite Studies Policy Implementation Committee, 2016-2019.

NIEHS Environmental Justice Faculty, 2021-present.

Selected Other Committees

Member, Institutional Review Board for Human Subjects Research, East Carolina University, 1999-2004

Member, Institutional Animal Care and Use Committee, East Carolina University 2000-2004

Member, Research Ethics Oversight Committee, East Carolina University 2001-2004

Member, Pitt County Memorial Hospital Ethics Committee, 1999-2004

Member, Board of Directors of the North Carolina Association for Biomedical Research, 2000-2003

Professional Societies

Member, American Association for the Advancement of Science

Member, Association for Practical and Professional Ethics

Books

Presentations at Professional Meetings and Conferences (Resnik DB sole author unless noted otherwise)

1. Environmental justice: ethical, philosophical, and policies issues. IBM, March 22, 2023, remotely.
2. The distinguishing between the science and politics of environmental justice. Association of Practical and Professional Ethics Annual Meetings, March 4, 2023, Portland, OR.
3. Scientific integrity: a philosophical perspective. RISE Consortium, Association of Practical and Professional Ethics Annual Meetings, March 2, 2023, Portland, OR.
4. Ethics of research during infectious disease epidemics. 11th International Conference on Emerging Infectious Diseases, CDC, Atlanta, GA, August 8, 2022.
5. Climate change policies and environmental justice. Association of Practical and Professional Ethics Meetings, February 26, 2022, remotely.
6. Authorship when articles are retracted due to research misconduct and then resubmitted. Association of Practical and Professional Ethics Meetings, February 25, 2022, remotely.
7. Research integrity at the NIEHS and NIH. RISE Consortium, Association of Practical and Professional Ethics Meetings, February 24, 2022, remotely.
8. Standards of evidence for IRBs, American Society for Bioethics and the Humanities, Annual Meetings, October 16, 2021, remotely.
9. Vulnerable populations, distributive justice, and public health (with Rob MacDougall). American Society for Bioethics and the Humanities, Annual Meetings, October 16, 2021, remotely.
10. Ethical laboratory management as a pillar of research integrity. Big Ten Academic Alliance: Responsible Conduct of Research Collaborative, October 13, 2021, remotely.
11. Institutional review board review of 3rd party risks. Office of Human Research Protections Exploratory Workshop on Protecting Third Parties in Research, September 24, 2021, remotely.
12. Decision-making under scientific and moral uncertainty. National Academies of Science, Engineering, and Medicine, meeting on Guidance on PFAS Testing and Health Outcomes, August 11, 2021, remotely.
13. Precautionary reasoning in environmental and public health policy, Association for Practical and Professional Ethics, annual meetings, February 26, 2021, remotely.

14. How money impacts the norms of science, 15th Berlin Debate on Science and Science Policy, November 7, 2020, remotely.
15. Moral distress in scientific research during the COVID-19 pandemic, World Bioethics Day, Milwaukee School of Engineering, November 6, 2020, remotely.
16. Unresolved issues in public and community engagement for release of genetically modified organisms into the environment. Virtual Conference: Gene Editing in Agriculture and Food: Social Concerns, Public Engagement and Governance, October 21, 2020. Sponsored by Iowa State University, State University of New York/College of Environmental Science, and US Department of Agriculture.
17. Genetic engineering: new and emerging issues. 2020 World Congress on In Vitro Biology, virtual meeting, June 9, 2020.
18. Balancing transparency and security – ethical considerations. National Science Advisory Board for Biosecurity meetings, Bethesda, MD, January 23, 2020.
https://osp.od.nih.gov/wp-content/uploads/Resnik-Balancing_Transparency_and_Security-Ethical_Considerations.pdf
19. Ethical, legal, and social issues in using synthetic biology for atmospheric greenhouse gas reduction. Workshop on the Role of Synthetic Biology in Atmospheric Greenhouse Gas Reduction: Prospects and Challenges. Boston University, December 4, 2019.
20. Policy implications of experiments to revive pig brains. Association for Bioethics and Humanities, Annual Meetings, Pittsburgh, PA, October 25, 2019.
21. The environment, ethics and health: reviving Van Rensselaer Potter’s vision of bioethics in the 21st century. 24th Annual SUNY Oneonta Undergraduate Philosophy Conference, Oneonta, NY, April 12, 2019.
22. Is it time to revise the definition of research misconduct? Association of Practical and Professional Ethics, Annual Meetings, Baltimore, MD, March 2, 2019.
23. Does promoting human health conflict with protecting the environment? Association of Practical and Professional Ethics, Annual Meetings, Baltimore, MD, March 1, 2019.
24. Ethics in Scientific Research. Society for Reproductive Investigation, Annual Meetings, San Diego, CA, March 6, 2018.
25. Resnik DB, Elliott KC. Ethical issues in citizen science. Conference on Filling the Ethics Gap in Citizen Science, Raleigh, NC, July 17, 2017.
26. Resnik DB, Rasmussen LM, Raymond A, Neal T, Kissling GE. International and intra-national variation in research misconduct definitions. 5th World Conference on Research Integrity, Amsterdam, The Netherlands, May 30, 2017. [Presented by Bruce Androphy].
27. Justice and environmental health risks. Annual Meeting of the Association of Bioethics and the Humanities, Washington, DC, October 8, 2016.
28. The role of intuition in IRB risk/benefit decision-making. Annual Meetings of the Association of Bioethics and the Humanities, Washington, DC, October 7, 2016.
29. Science, policy, and the transparency of values in environmental health. Third International Symposium on Ethics of Environmental Health, České Budějovice, Czech Republic, August 30, 2016.

30. Protecting privacy and confidentiality in the age of big data. MedicRes World Congress 2015, New York, New York, October 19, 2015.
31. DNA patents and human dignity. Cold Spring Harbor Laboratory Conference on DNA Patenting, Cold Spring Harbor, NY, March 13, 2013.
32. Centralized institutional board review: evaluating the evidence and arguments. Audio presentation, FX Conferences, March 4, 2013.
33. Author meets critics: David Resnik, Environmental Health Ethics, Association of Practical and Professional Ethics, Annual Meetings, San Antonio, TX, March 1, 2013.
34. Ethical dilemmas in scientific research. MedicRes World Congress 2012, Vienna, Austria, June 7, 2012.
35. Ethical challenges of clinical and translational research. MedicRes World Congress 2012, Vienna, Austria, June 7, 2012.
36. Ethical and regulatory considerations in human environmental exposure research. South Atlantic National Research Conference, Raleigh, NC, March 21, 2012.

105. Convergent Realism and Approximate Truth, Philosophy of Science Association Meetings, Chicago, IL, October 29, 1992.
106. The Heuristic Power of Teleological Language, International Society for the History, Philosophy, and Social Studies of Biology Meetings, Northwestern University, Evanston, IL, July 11, 1991.
107. Epistemic Values in Biology, Conference on the History, Philosophy, and Social Studies of Biology, University of Western Ontario, London, Ontario, Canada, June 25, 1989.
108. Simplicity in Evolutionary Explanations, Sixth Annual Conference on Philosophy of Science, Center for Philosophy of Science, University of Pittsburgh, Pittsburgh, PA, December 12, 1987.

109. Natural Selection, Explanation, and Law, 1987 Conference on History, Philosophy, and Social Studies of Biology, Virginia Polytechnical Institute, Blacksburg, VA, June 17, 1987.

Invited Talks and Other Presentations

1. Rigor, reproducibility, and recordkeeping in research. University of North Carolina, Chapel Hill, NC, December 1, 2023, remotely.
2. Misconduct in research. University of North Carolina, Chapel Hill, NC, November 17, 2023, remotely.
3. Stem cell hype and public trust. University of California/Riverside, remotely. October 30, 2023.
4. The ethics of using artificial intelligence in scientific research. Annual Meeting of the Northeast Chapter of the Society of Toxicology, Worcester, MA, October 20, 2023.
5. Conflict of interest and research ethics review. Symposium: Research ethics and ethics reviews in the social sciences, University of Applied Sciences Neubrandenburg, Munich, Germany, September 14, 2023, remotely.
6. Responsible conduct of research, North Carolina State University, June 27, 2023.
7. Authorship, accountability, and transparency issues for using Artificial intelligence in research, NIH, June 14, 2023.
8. Responsible conduct of research. NSCP Boot Camp, National Institute of Environmental Health Sciences, RTP, June 5, 2023; NIEHS Summer Interns, June 7, 2023.
9. Ethics of xenotransplantation research. Three I's: Biosecurity and Research Integrity Conference, Chapel Hill, NC. April 25, 2023.
10. Ethics of collaboration between researchers in high-income and low- and middle-income countries, National Institutes of Health, March 30, 2023, remotely.
11. Environmental justice: ethical, philosophical, and policy issues. IBM, March 22, 2023, remotely.
12. Annual training in responsible conduct of research, make-up session, National Institutes of Health, March 7, 2023, remotely.
13. Environmental health ethics. University of California Merced, February 22, 2023, remotely.
14. Becoming a Responsible Scientist: Responsible Conduct of Research (RCR) Training for NIH Postbacs and Grad Students, National Institutes Health, January 19, July 25, 2023, remotely.
15. Ethical issues in using natural language processing programs to assist with writing scientific papers. NIH Office of Data Science Strategy, Committee on AI Ethics, Bias, and Transparency, December 14, 2022.
16. Reproducibility, rigor, and ethics in research. University of North Carolina, Chapel Hill, NC, November 18, 2022, remotely.
17. Responsible conduct of research, NCI/NIH, November 10, 2022, remotely.

18. Misconduct in research. University of North Carolina, Chapel Hill, NC, November 11, 2022, remotely.
19. Bias and conflict of interest in biomedical research. Georgetown University, October 20, 2022, remotely.
20. Identifying Key Issues & Ethical/RCR Values for Research Networks, University of Minnesota, September 28, 2022, remotely.
21. Research misconduct and questionable research practices, Clemente Estable Biological Research Institute, Uruguay, September 20, 2022, remotely.
22. Ethical issues in data management. North Carolina Central University, August 31, 2022, remotely.
23. Bioethics and scientific research: A roadmap for good science. Cochin University of Science and Technology, Kerala, India, August 26, 2022, remotely.
24. Becoming a Responsible Scientist: Responsible Conduct of Research (RCR) Training for NIH Postbacs and Grad Students, National Institutes Health, March 9, August 10, December 9, 2022, remotely.
25. Ethics in Citizen Science, Eternacon 2022, Stanford University, July 23, 2022, remotely.
26. Responsible conduct of research. North Carolina State University, June 21, 2022.
27. Responsible conduct of research, Iowa State University, June 20, 2022, remotely.
28. Reproducibility and research ethics. Koç University Graduate School of Health Sciences, Istanbul, Turkey, remotely, May 12, 2022.
29. Managing and minimizing bias in biomedical research. Association of American Medical Colleges, Annual Meetings, Atlanta, GA, April 28, 2022.
30. RCR 2021 Case makeup session, NIH, remotely, April 26, 2022.
31. Ethical issues in offering financial incentives to research participants. University of Zurich/World Health Organization, remotely, April 13, 2022.
32. Conflict of interest and bias in biomedical research. University of Florence, Florence, Italy, remotely, April 6, 2022.
33. Respecting healthy volunteers in research. INSERM and UNESCO Conference on Healthy Volunteers in Research, February 16, 2022, remotely.
34. Becoming a Responsible Scientist: Responsible Conduct of Research (RCR) Training for NIH Postbacs and Grad Students, National Institutes Health, July 22, December 9, 2021.
35. What is research misconduct? Ohio State University, Columbus, Ohio, November 15, 2021, remotely.
36. Misconduct in research. University of North Carolina, Chapel Hill, NC, November 4, 2021, remotely.
37. Scientific Integrity and the COVID-19 Pandemic. Aga Kahn University, Islamabad, Pakistan, November 4, 2021, remotely.
38. A history of the federal definition of research misconduct. National Science Foundation, remotely, September 17, 2021.

39. An international perspective on research integrity. Bioethics of climate change. Loyola University Chicago, remotely, September 14, 2021, remotely.
40. Ethical issues in data management. North Carolina Central University, remotely, September 8, 2021.
41. Facilitating research ethics case discussions. National Institutes of Health, August 5, 12, 26, 2021; remotely.
42. Responsible conduct of research. NSCP Boot Camp, National Institute of Environmental Health Sciences, RTP, NC, July 16, 2021, remotely.
43. Letters of recommendation and support, National Institute of Environmental Health Sciences, National Institutes of Health, May 27, 2021, remotely.
44. Science and values. University of Texas Medical Branch, Galveston, TX, May 10, 2021, remotely.
45. Limits on risks for healthy volunteers in research. Four Perspectives on the Upper Limit of Risk Confirmation, One Day Sooner, May 4, 2021, remotely.
46. Ethical decision-making in scientific research. Saybrooke University, Oakland, CA, April 24, 2021, remotely.
47. Research integrity and research misconduct. Columbus State University, Columbus, GA, March 12, 2021, remotely.
48. Science and values. University of Texas Medical Branch, Galveston, TX, January 13, 2021, remotely.
49. The Scientist as a responsible member of society. George Washington University, remotely, December 10, 2020, remotely.
50. Standards of evidence for institutional review board decision-making. Consortium to Advance Effective Research Ethics Oversight, University of Pennsylvania, November 9, 2020, remotely.
51. Ethical Issues in the Use of Direct-to-Consumer Genetic Testing by the Military, Defense Health Board, Department of Defense, November 5, 2020, remotely.
52. Becoming a Responsible Scientist: Responsible Conduct of Research (RCR) Training for NIH Postbacs and Grad Students, National Institutes Health, October 29, 2020 and January 13, 2021, remotely.
53. Misconduct in research. University of North Carolina, Chapel Hill, NC, October 22, 2020, remotely.
54. Ethical Issues in Community-Based Participatory Research: The GuLF Study, University of Buffalo, October 13, 2020, remotely.
55. Facilitating research ethics case discussions. National Institutes of Health, remotely, September 29, 2020; October 13, 2020; November 12, 2020; remotely.
56. Ethical issues in data management. North Carolina Central University, remotely, September 9, 2020.
57. Ethical and public perspectives on biomedical research. Korea Advanced Institute of Science and Technology, remotely, September 8, 2020.

58. Bioethics of climate change. Loyola University Chicago, remotely, July 23, 2020, remotely.
59. The Scientist as a responsible member of society. George Washington University, remotely, April 23, 2020, remotely.
60. Responsible Conduct of Research, National Institutes of Health, Bethesda, MD, January 15-16, 2020, 4 seminars.
61. Misconduct in research. University of North Carolina, Chapel Hill, NC, November 14, 2019.
62. Responsible conduct of research. North Carolina State University, Raleigh, NC, June 19, 2019.
63. Responsible conduct of research. NSCP Boot Camp, National Institute of Environmental Health Sciences, RTP, NC, June 4, 2019.
64. Ethical issues in food and beverage regulation. North Carolina State University, September 25, 2018.
65. Community engagement in field trials of genetically modified mosquitoes. North Carolina State University, September 11, 2018.
66. Research misconduct. University of North Carolina at Chapel Hill, August 30, 2018.
67. Responsible conduct of research. North Carolina State University, Raleigh, NC, June 14, 2018.
68. Responsible conduct of research. NSCP Boot Camp, National Institute of Environmental Health Sciences, RTP, NC, June 5, 2018.
69. The role of intuition in risk/benefit decision-making in human subjects research. Texas A & M University, College Station, TX, April 9, 2018.
70. Ethical issues in science and technology innovation. North Carolina State University, Raleigh, NC, March 15, 2018.
71. What is bioethics? Research Triangle High School, Research Triangle Park, NC, October 18, 2017.
72. Conflict of interest in research, North Carolina State University, Raleigh, NC, October 4, 2017.
73. National Academy of Sciences, Engineering, and Medicine; Committee on Science, Engineering, Medicine, and Public Policy. Discussion of Research Integrity Advisory Board, Washington, DC (by phone), September 12, 2017.
74. Podcast on transparency in peer review, J & J Editorial, September 5, 2017.
75. Why I went into research ethics. University of North Carolina, School of Pharmacy, Chapel Hill, NC, August 29, 2017.
76. Responsible conduct of research. North Carolina State University, Raleigh, NC, June 29, 2017.
77. Ethical issues in scientific publication. International Society of Managing and Technical Editors, Durham, NC, June 23, 2017.

78. Introduction to responsible conduct of research. Cohort of NIEHS Scholars Connect Program, National Institute of Environmental Health Sciences, Research Triangle Park, NC, June 6, 2017.
79. Science and social responsibility. Enlo High School, Raleigh, NC, April 25, 2017.
80. Conflict of interest in research. Colloquium on Contemporary Issues in Bioethics and Science Policy, Duke University, Durham, NC, April 5, 2017.
81. Biomedical research on healthy volunteers: ethical issues. North Carolina Central University, Symposium and Biotechnological and Pharmaceutical Law, Research Triangle Park, NC, March 31, 2017.
82. Collaboration and authorship in science. University of North Carolina, Office of Postdoctoral Affairs, Chapel Hill, NC, November 29, 2016.
83. Ethical and regulatory issues in clinical trials. Duke University, Center for Science Education, Durham, NC, November 9, 2016.
84. Research ethics in the real world. University of North Carolina, School of Pharmacy, Chapel Hill, NC, November 8, 2016.
85. Paying research subjects: ethical issues. Association of Clinical Research Professionals, RTP Chapter, Research Triangle Park, NC, October 21, 2016.
86. Research involving employee participants: ethical issues. University of North Carolina at Chapel Hill, Chapel Hill, NC, September 15, 2016.
87. Genetically modified organisms: ethical issues. National Institute of Environmental Health Sciences, Office of Science Education, Research Triangle Park, NC, July 13, 2016.
88. Responsible conduct of research. North Carolina State University, Raleigh, NC, June 23, 2016.
89. Review and ethical oversight of nanotechnology studies involving human subjects. North Carolina Association for Biomedical Research, Chapel Hill, NC, April 15, 2016.
90. Genetically modified organisms: ethical issues. Vernon Malone Career Academy, Raleigh, NC, April 6, 2016.
91. Bioethics: clinical and research. North Carolina Association for Biomedical Research, Research Triangle Park, NC, March 10, 2016.
92. Sharing genomic data and samples: ethical and regulatory. University of North Carolina at Chapel Hill, IRB Retreat. Chapel Hill, NC, February 17, 2016.
93. Ethical, social, and legal issues in international research collaborations. Hong Kong University, Hong Kong, November 17, 2015.
94. Some common temptations that can compromise the integrity of research. Hong Kong University, Hong Kong, November 16, 2015.
95. Principles of research ethics. University of North Carolina, School of Pharmacy, Chapel Hill, NC, October 27, 2015.
96. Responsible conduct of research, North Carolina State University, June 2, 2015.
97. Scientific retractions and misconduct, Duke University, Durham, NC, April 9, 2015.
98. Authorship responsibilities, North Carolina State University, Raleigh, NC, March 17, 2015.
99. Principles of research ethics, University of North Carolina, School of Pharmacy, Chapel Hill, NC, December 2, 2014.

100. The ethics of gain-of-function studies: considering risks and benefits in the context of uncertainty, National Science Advisory Board for Biosecurity, Bethesda, MD, October 22, 2014.
101. Environmental health ethics, University of North Carolina, Toxicology Program, Chapel Hill, NC, October 20, 2014.
102. Dual use research: issues, North Carolina State University, Honors Program, September 25, 2014.
103. Why RCR Matters, Duke University, Durham, NC, August 21-22, 2014.
104. Responsible conduct of research, North Carolina State University, Raleigh, NC, June 26, 2014.
105. Responsible conduct of research, Florida Institute of Technology, Melbourne, FL, June 24, 2014.
106. Research ethics: case based approach, Harvard University Medical School, Boston, MA, June 12, 2014.
107. Responsible conduct of research, National University of Mexico, Cuernavaca, Mexico, May 26, 2014.
108. Responsible conduct of research: case studies, Columbus State University, Columbus, GA, January 25, 2014.
109. Compensation for research-related injuries, Association of Clinical Research Professionals, RTP Chapter, Research Triangle Park, NC, November 11, 2013.
110. Why RCR is important, Duke University, Durham, NC, August 22, 23, 2013.
111. Ethical issues in field trials of genetically modified disease-resistant mosquitoes, Duke University, Durham, NC, August 20, 2013.
112. Responsible conduct of research, Trinity University, San Antonio, Texas, June 19, 2013.
113. Responsible conduct of research, North Carolina State University, Raleigh, NC, June 13, 2013.
114. Ethical and IRB issues in the Gulf Long-Term Follow-Up study, Canadian Institutes of Health Research, Forum on Environments and Health, Ottawa, CA, May 23, 2013.
115. Food ethics: public health vs. human freedom, National Institute for Environmental Health Sciences, Research Triangle Park, NC, May 21, 2013.
116. Panel on nanomedicine forum, Ohio State University and National Children's Hospital, Columbus, Ohio, April 25, 2013.
117. Ethical issues in genetically modified organisms, North Carolina Museum of Natural Sciences, Raleigh, NC, April 6, 2013.
118. Ethical issues problems in academic-industry collaborations, Delf University, Delf, Netherlands (video presentation), March 28, 2013.
119. Misconduct in research, North Carolina State University, Raleigh, NC, February 26, 2013.
120. Dealing with ethical issues between principal investigators and research staff, National Institute of Environmental Health Sciences, National Institutes of Health, Research Triangle Park, NC, February 20, 2013.
121. Responsible conduct of research, Columbus State University, Columbus, GA, February 2, 2013.

122. Data Management: Panel Discussion, Duke University, Durham, NC, November 16, 2012.
123. Ethics in Research, NIEHS, Research Triangle Park, NC, October 30, 2012.
124. Community-based participatory research: issues for investigators and IRBs, Southern Mississippi University, October 22, 2012.
125. Compensation for research related injuries: ethical and legal issues, Duke University, Durham, NC, September 18, 2012.
126. Responsible conduct of research: a local, national, and international concern, Duke University, Durham, NC, August 24, 2012.
127. The role of universities in promoting research integrity. Scientific Approaches to Strengthening Research Integrity in Nutrition and Energetics conference, University of Alabama-Birmingham, New Platz, NY, August 8, 2012.
128. Minimal risk in pediatric research, Presidential Commission for the Study of Bioethical Issues, Washington, DC, August 2, 2012.
129. Responsible conduct of research, North Carolina State University, Raleigh, NC, June 13, 2012.
130. Ethical issues in genetic and genomic research involving human participants, University of Arkansas for Medical Sciences, Little Rock, AR, May 4, 2012.
131. Ethical issues in scientific publication and peer review, Texas Tech University, Lubbock, TX, April 13, 2012.
132. The ethics of patenting human DNA, Texas Tech University, Lubbock, TX, April 12, 2012.
133. Impacts of industry sponsorship on scientific norms and communities, Pennsylvania State University, State College, PA, March 29, 2012.
134. How to promote integrity in scientific research, University of Porto, Porto, Portugal, February 27, 2012.
135. The ethics of patenting human DNA, Iowa State University, Ames, Iowa, February 16, 2012.
136. Panel discussion: data sharing in environmental health, NIEHS and EPA Data Sharing Workshop, EPA, Research Triangle Park, NC, February 6, 2012.
137. Why we need international standards for authorship and peer review, Sigma Xi, Raleigh, NC, November 11, 2011.
138. Responsible conduct in nanomedicine research: concerns beyond the Common Rule, University of Minnesota, Minneapolis, MN, September 26, 2011.
139. Conflicts of interest in research: a concern for scientists, North Carolina State University, Raleigh, NC, September 16, 2011.
140. Responsible conduct of research, Duke University, Durham, NC, August 25, 26, 2011.
141. Responsible conduct of research, North Carolina State University, Raleigh, NC, June 8, 2011.
142. Ethical decision-making and professionalism, Environmental Protection Agency, Research Triangle Park, NC, May 11, 2011.
143. Responsible conduct of research: a global concern, Duke University, Durham, NC, April 21, 2011.
144. Post-trial access to treatment: ethical issues, Duke University, Durham, NC, March 22, 2011.

145. Responsible conduct of research: a global concern, Duke University, Durham, NC, November 18, 2010.
146. What is research ethics and why is it important?, Sweet Briar College, Sweet Briar, Virginia, September 28, 2010.
147. Returning research results in environmental health research, Harvard University, Cambridge, MA, September 21, 2010.
148. Research ethics, Northeastern University, Boston, NC, (tele-lecture), September 17, 2010.
149. Waiver of informed consent and documentation, National Institute of Environmental Health Sciences, Durham, NC, September 2, 2010.
150. Responsible conduct of research: an international concern, Duke University, Durham, NC, August 26 and 27, 2010.
151. Dealing with ethical issues up front: collaboration agreements in international research, National Academy of Sciences, Washington, DC, July 26, 2010.
152. Responsible conduct of research: what it is and why it's important, North Carolina State University, Raleigh, NC, June 9, 2010.
153. Ethical issues in data management, Duke University, Durham, NC, February 16, 2010.
154. Playing politics with science, North Carolina State University, Raleigh, NC, February 10, 2010.
155. Nanomedicine and human research ethics, University of Minnesota, Minneapolis, MN, January 21, 2010.
156. Responsible conduct of research: what it is and why it is important, University of Porto, Porto, Portugal, November 16, 2009.
157. Human embryonic stem cell patents and human dignity, Albany Law School, Albany, NY, November 9, 2009.
158. The investigator-subject relationship: A contextual approach, Wichita State University, Wichita, KS, August 27, 2009.
159. Responsible conduct of research: What it is and why it is important, Wichita State University, Wichita, KS, August 26, 2009.
160. Responsible conduct of research: A national concern, Duke University, Durham, NC, August 20 and 21, 2009.
161. Ethical issues in environmental health research, Duke University, Durham, NC, August 10, 2009.
162. Protecting third parties in research, NIEHS, RTP, NC, February 18, 2009.
163. How money undermines the integrity of scientific research, Duke University, Durham, NC, February 6, 2009.
164. Bioethics Consultation, St. Matthews Episcopal Church, Hillsborough, NC, November 9, 2008.
165. Ethical issues in data management, North Carolina State University, Raleigh, NC, October 21, 2008.
166. Responsible conduct of research: A national concern, Duke University, Durham, NC, August 21, 2008.
167. Conflicts of interest in biomedical research, University of Kentucky, Lexington, KY, May 8, 2008.

168. Conflicts of interest in biomedical research, Purdue University, West Lafayette, IN, April 2, 2008.
169. Misconduct in research: what it is, why it happens, how to deal with it, and How to Prevent it, Sigma Xi, University of Delaware, Newark, DE, March 27, 2008.
170. Disability and social justice, NIEHS/NIH, Research Triangle Park, NC, March 4, 2008.
171. Ethical issues in data management, Duke University, Durham, NC, February 28, 2008.
172. Responsibility for health: personal, social, and environmental, NIEHS/NIH, Research Triangle Park, NC, January 31, 2008.
173. Conflicts of interest in biomedical research, Department of Epidemiology, University of North Carolina, Chapel Hill, NC, November 19, 2007.
174. Fair benefits in research in developing countries, Department of Epidemiology, University of North Carolina at Chapel Hill, November 1, 2007.
175. Environmental Ethics, Duke University Continuing Education Program, Durham, NC, October 30, 2007.
176. Ethics of data management, University of Pennsylvania, School of Medicine, October 5, 2007.
177. Ethical issues in peer review of scientific research, Duke University Graduate School, October 4, 2007.
178. Research subjects with limited English proficiency: ethical issues, Education Network to Advance Cancer Clinical Trials, Silver Springs, MD (teleconference), September 17, 2007.
179. Responsible Conduct of Research, Duke University Graduate School, Durham, NC, August 23, 2007.
180. Conflict of interest, North Carolina Central University, Durham, NC, August 17, 2007.
181. Financial interests and the norms of science, Vrije University, Amsterdam, The Netherlands, June 21, 2007.
182. Access to experimental drugs in terminal illness: Abigail Alliance v. von Eschenbach, UNC-Duke Bioethics Group, Chapel Hill, NC, March 22, 2007.
183. South Korean Stem Cell Fraud: Lessons Learned, Duke University Graduate School, March 7, 2007.
184. Responsible Conduct of Research, Biotechnology Department, NC State University, February 6, 2007.
185. Ethical issues in the market for human eggs, Berman Bioethics Institute, Johns Hopkins University, Baltimore, MD, November 15, 2006.
186. Informed Consent in Biomedical Research, School of Law, North Carolina Central University, Durham, NC, November 10, 2006.
187. Justice and international drug development, University of North Carolina at Chapel Hill, September 21, 2006.
188. Why RCR Matters, Graduate School, Duke University, Durham, NC, August 25 and 26, 2006.
189. Ethical Issues in Data Management, Department of Bioengineering, Duke University, Durham, NC, August 21, 2006.

190. Intellectual Property: Ethical Issues, Department of Bioengineering, Duke University, Durham, NC, August 21, 2006.
191. Ethics and Regulation of Nanotechnology, NC State University, Raleigh, NC, July 19, 2006.
192. Ethical Issues in Agricultural Biotechnology, Agricultural Extension Department, NC State University, June 29, 2006.
193. DNA patents and human dignity, University of Alberta, Banff, Canada, May 26, 2006.
194. Science and the Media: Ethical Issues, Graduate School, Duke University, Durham, NC, February 10, 2006.
195. Ethical Issues in Clinical Trials Involving Nanomedicine, UNC-Duke Bioethics Group, Chapel Hill, NC, February 9, 2006.
196. Ethical, Legal, and Policy Issues in Embryonic Stem Cell Research, Department of Biotechnology, NC State University, Raleigh, NC, February 6, 2006.
197. Comments on Ana Iltis' Paper, George Washington University, Arlington, VA, February 1, 2006.
198. Ethical Issues in Using Genetically Modified Animals in Research, NIEHS, Research Triangle Park, NC, December 6, 2005.
199. Conflicts of Interest in Scientific Research, Department of Epidemiology, University of North Carolina, Chapel Hill, NC, December 5, 2005.
200. Ethics of Image Adjustment, NC Biotechnology Center, Research Triangle Park, NC, December 2, 2005.
201. Ethical Issues in Data Management, Arizona State University, Tempe, AZ, November 16, 2005.
202. Embryonic Stem Cell Research: Legal and Regulatory Issues, NIEHS/NIH, Research Triangle Park, NC, October 26, 2005.
203. Developing Drugs for the Developing World, University of North Carolina, Chapel Hill, NC, October 17, 2005.
204. Ethical Issues in Research on Environmental Health Interventions, Conference on Emerging Issues in Research with Human Subjects, NIEHS/NIH, Research Triangle Park, NC, September 23, 2005.
205. Testing Pesticides on Human Subjects, Conference on Emerging Issues in Research with Human Subjects, NIEHS/NIH, Research Triangle Park, NC, September 23, 2005.
206. Responsible Conduct of Research: What it is and Why It is Important, Duke University, Durham, NC, August 27, 2005.
207. Responsible Conduct of Research at Colleges and Universities: How Has it Changed and How Has the Federal Government Responded?, North Carolina Central University, Durham, NC, August 19, 2005.
208. Ethics and Regulation of Nanotechnology, NC State University, Raleigh, NC, July 27, 2005.
209. Responsible Conduct of Research: What it is and Why it is Important, NC State University, Raleigh, NC, June 29, 2005.
210. Protocol Compliance in Human Subjects Research, NIEHS/NIH, Research Triangle Park, NC, May 5, 12, 17, 2005.

211. Pregnant Women as Vulnerable Subjects, NIEHS/NIH, Research Triangle Park, NC, May 5, 12, 17, 2005.
212. Ethical, Legal, and Policy Issues in Embryonic Stem Cell Research, NIEHS/NIH, Research Triangle Park, NC, May 6, 2005.
213. Responsible Conduct of Research, Fayetteville State University, Fayetteville, NC, March 28, 2005.
214. Ethical Issues in Data Management, Graduate School, Duke University, Durham, NC, February 18, 2005.
215. Environmental disease, biomarkers, and the precautionary principle, Conference on Genomics and Environmental Regulation, Arizona State University, Tempe, AZ, January 15, 2005.
216. Bioterrorism and the Responsible Conduct of Research, Carolina Area Biological Safety Association, Constella, Research Triangle Park, NC, February 23, 2005.
217. Bioterrorism and the Responsible Conduct of Research, NCSU Philosophy Department, Raleigh, NC, September 20, 2004.
218. Bioterrorism and the Responsible Conduct of Research, NIEHS/NIH, Research Triangle Park, NC, September 10, 2004.
